

[www.PerformancePlusOil.com](http://www.PerformancePlusOil.com)

Established in 1990. Performance Plus Quick Oil Change Centers are dedicated to providing quality PRODUCTS AND SERVICES. Our PlusPlusClub rewards program will allow you to earn a free oil change on your 5th visit, that's an average savings of \$9 during your first four oil changes. With an email address or text messaging cell phone, you will receive a coupon for a **FREE** set of RainX Weatherbeater wiper blades which includes free installation.

We Know you have other choices, please give us a try; I promise you will not be disappointed. I would love to hear from you at (989)366-4772. General Manager: Rick Genslak.

**Full Service Oil Change Includes:**

- Up to 5 Quarts of Quaker State Synthetic Blend\*\* Motor Oil
- New Oil Filter
- Chassis Lubrication
- Check Power Steering Fluid Level\*
- Check Transmission Fluid Level\*
- Check Radiator Fluid Level\*
- Fill Windshield Washer Solvent
- Reset Oil Change Reminder Lights
- Check Air Filter
- Check Tire Pressure
- Check Fuel Filter Condition
- Check Wiper Blades
- Check Lights and Blinkers
- Check Cabin Filter (if equipped)
- Check Differential/Transfer Case if requested

\*We add to fluids if necessary (some fluids may be at additional charge).

Performance Plus Quick Oil Change Centers offer the highest Quality Quaker State Synthetic Blend\*\* motor oils with our standard full service oil change which includes a new oil filter and a 15-point inspection. Qualified technicians will examine your vehicle's fluids and filters, adjust levels if necessary and inform you of any service(s) that may be due. Your tire pressure will be adjusted to insure the best fuel economy as well as the reduction of tire wear. Under carriage inspections will be reported to educate you as to the condition of your vehicle. Our goal is that you leave knowing as much as we do about your vehicle as to the recommendations from the manufacturer and what we observe.

\*\*Some engines are asked to work harder than others. Quaker State® Enhanced Durability™ Synthetic Blend coats your motor with a low-friction, heat-resistant film that reduces metal-to-metal contact when temperatures and stress levels are high. Quaker State Synthetic Blend is a true 50/50 blend which offers excellent protection against friction-related wear, improved resistance to engine stress at high RPMs and under heavy loads, enhanced resistance to thermal and viscosity breakdown and outstanding lubrication to low and high temperatures.

---

**Performance Plus provides many other services:**
